2026 BIRTH EQUITY SUMMIT

Sponsorship Opportunities

OCTOBER 20–22, 2026 | DETROIT, MICHIGAN

FUNDERS FOR BIRTH JUSTICE & EQUITY

About the 2026 Birth Equity Summit

Aligning Capital. Strengthening Community Infrastructure.

Across the country, community-based birth justice organizations are advancing solutions that improve maternal and infant health outcomes. Yet the infrastructure sustaining this work remains underfunded and fragmented.

The 2026 Birth Equity Summit brings philanthropic partners and community leaders together to align funding and identify coordinated investment opportunities using a shared national ecosystem map already in development.

What This Summit is Designed to Do

This gathering is structured to support capital alignment across the birth justice ecosystem.

Participants will:

- Engage a developing national ecosystem map
- Learn from funder–field investment partnerships already underway
- Identify priority investment opportunities together
- Strengthen coordination across philanthropy and community leadership
- Help shape next-stage infrastructure strategies
